Census Office, Henrietta-street, Dublin,  
August 31st, 1863.

CENSUS OF IRELAND

FOR THE YEAR

1861.

PART I.

---

APPENDIX.

---

SCHEDULE

OF

TOWNLANDS

WHICH DO NOT APPEAR ON THE SAME PAGE IN THE TOWNLAND CENSUS, VOL. III,  
FOR 1861 AS THEY DID IN THAT FOR 1851.

## CENSUS OF IRELAND, 1861.

SCHEDULE of TOWNLANDS and TOWNS which do not appear on the same page in Vol. III. of the Townland Census of 1861 as in that of 1851, owing to changes having been made in the boundaries of certain Parishes, under the provisions of the 7th & 8th Geo. IV., cap. 43. and of the Boundary Survey Acts, 17 Vic., cap. 17; 20 & 21 Vic., cap. 45; and 22 and 23 Vic., cap. 8.

Marked thus (\*) are newly formed Townlands under provisions of above recited Acts.

(m, n) The villages of Cornamucklagh and Tober do not now contain 20 houses each; their present population has, therefore, merged in that of the townlands on which they are respectively situated.

(o) The remainder of the parish of Killererin is in the baronies of Clare, Dunmore, and Tiaquin; the entire parish contains 2,804 persons.

(x) The remainder of the town of Headford is in the parish of Kilkilvery; the entire town contains 993 persons. See note (s) page 18.

(y) The villages of Anbally and Pollsillagh do not now contain 20 houses each; their present population has, therefore, merged in that of the townlands on which they are respectively situated.

## GALWAY.

(u<sup>2</sup>) The villages of Frenchfort and Rinnville do not now contain 20 houses each; their present population has, therefore, merged in that of the townlands on which they are respectively situated.  
(v<sup>2</sup>) The remainder of the parish of Oranmore is in the barony of Galway; the entire parish contains 4,398 persons.  
(w<sup>2</sup>) The village of Stradbally does not now contain 20 houses; its present population has, therefore, merged in that of the townland on which it is situated.

GALWAY.

## BARONY OF KILCONNELL.

\* The village of Ballyloughaun does not now contain twenty houses; its population has, therefore, been included with the townland of Rinmore, upon which it is situated.

(e<sup>3</sup>) The remainder of the parish of Rahoon is in the barony of Moycullen, and in the town of Galway; the entire parish contains 9,114 persons; and the remainder of Townparks is in the town of Galway.

(f<sup>3</sup>) The remainder of the parish of St. Nicholas and of Townparks is in the town of Galway; the entire parish, including the inmates of Public Institutions, contains 14,297 persons.

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |       | In<br>1841. | In<br>1851. | In 1861. |          |        | In<br>1841. | | (b) The village of Knockgarra does not now contain 20 houses; its present population has, therefore, merged in that of the townland on which it is situated.

(c) The remainder of the parish of Abbeysormacan is in the barony of Longford; the entire parish contains 1,593 persons.

GALWAY.
